

SAVAGE BROS. CO.

A 21st Century Company with 19th Century Craftsmanship

Depositing Systems for Specialty Products

Production concepts for:

- Candles
- Hand crafted soaps
- Aromatic oils
- Lip balms
- Lotions

For over 150 years, **Savage Bros.** has been the small batch “Confectionery Industry” leader in the design and manufacturing of cookers, chocolate melting and depositing systems. We have expanded our sales to the “Bakery Industry” for the past two decades and are actively addressing the needs of the “Cosmetic” and “Pharmaceutical Fields” Our systems can improve your production too! Whether your job is depositing into a mold with a wick or a small container, a soap bar, or filling a bottle, we can help to make the task easier, improve your volume control and increase your productivity.
